Rm. 203**

9:30 AM – 2:30 PM

Saturday, February 7

This interactive workshop will leave participants understanding the hidden cause of difficult behaviors and what educators can do so students can be more successful. Barriers to learning will be addressed: lying, stealing, attention seeking, absenteeism/truancy, outward defiance, ADHD, depression, anxiety and more. We will also discuss how to engage parents/caregivers in a classroom so teachers, parents/caregivers, and students are working towards academic success. Participants will leave with practical, meaningful strategies that can be immediately integrated into your classroom environment.
